

Welcome
ROTAX MAX CHALLENGE
EURO TROPHY 2020
Adria Karting Raceway

Adria Karting Raceway

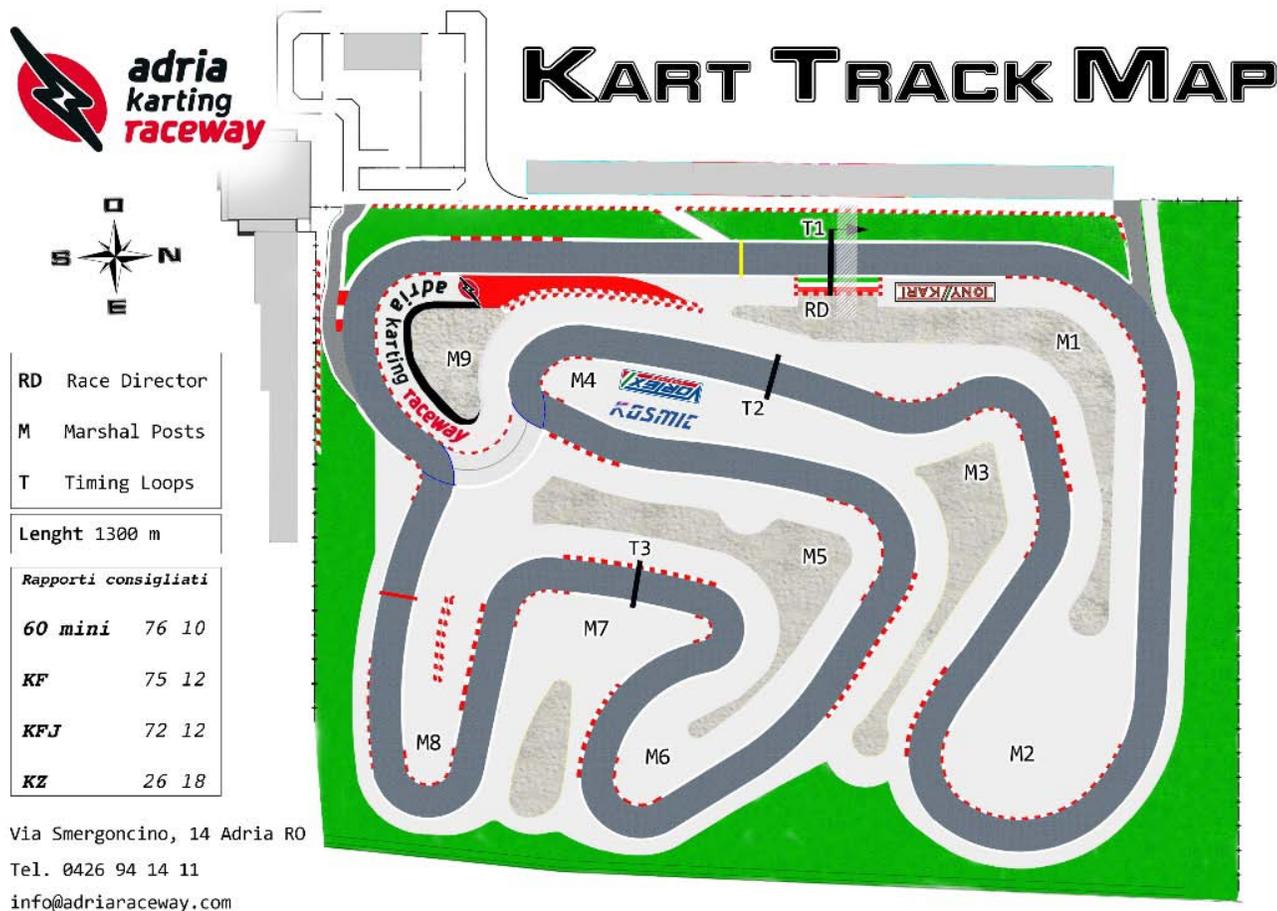

Information

Adria Karting Raceway, Italy

Length – 1302 meter

Direction – Clockwise

Side of Pole Position – Right

How fantastic of you to take part at the 3rd Round of the 2020 Rotax Euro trophy at Adria Karting Raceway.

In any case, we will do our best to give you all a safe feeling when you arrive at Adria Karting Raceway.

We therefore also ask for your complete co-operation, because in the end we have to make sure that the event will be safe for everyone.

Many thanks.

Meik Wagner
Organizer

Covid-19 restrictions

It is **MANDATORY** to wear a face mask during the event. This also includes the Paddock **and in your tent. SO EVERYWHERE.** A balaclava can also be worn. These rules is **NOT only for you, but also for your MECHANIC and for your ATTENDANT.**

When the race has finished, drivers keep their helmets on for as long as they are in Parc – Fermé.

Outside Parc – Fermé the driver is allowed to wear a balaclava instead of his/her helmet.

Wearing a face mask is also mandatory on the grandstand, podium and in the camping site. Even if the 1,5 metre distance rule is adhered to.

Covid-19 restrictions

If we **ALL** will abide by the rules, we can keep racing in this Covid-19 area. It is your choice whether you are for or against the restrictions, but there is no point in complaining about it.

IF YOU DO NOT WANT TO FOLLOW THE RULES, PLEASE STAY AT HOME. We have done our level to organize this event under the restrictions. But it is down **to us all** to act accordingly.

We can give you all a 100% guarantee that there will be control checks. **It is therefore up to everyone of us to ensure that the authorities are happy when they leave the site!**

If we have to discontinue or stop the event, as a result of the rules not being properly adhered to, we will reject all subsequent claims.

Please check our website for more information!

Race folder

We supply to all drivers a race folder. This folder contains :

- Two badges with barcode
- Time table for Friday – Saturday and Sunday
- 2 ór 3x bracelets which give you permission to enter the site on Friday, Saturday and Sunday.

There will be no official posting board and you get no copies of results in the race office.

We are using a digital notice board

From here you will be able to download all the session results, decisions and announcements when they are officially confirmed and ratified.

from the time a result is issued you have 30 minutes to make a protest.

See next page for the QR-codes

Results

Decisions / Announcements

Marshal light system

- The flags and the lights are valid similar
- only a flag, only the light or both signals at a marshals post you have to react to the shown signal.
- If there will be a difference between the flag and the light the flag signal is the one that counts

Tire handling Friday, Saturday and Sunday

Two set of scanned tires to be used from the 2nd free practice session and the non qualifying practice on Friday. And also for the warm up on Saturday and Sunday.

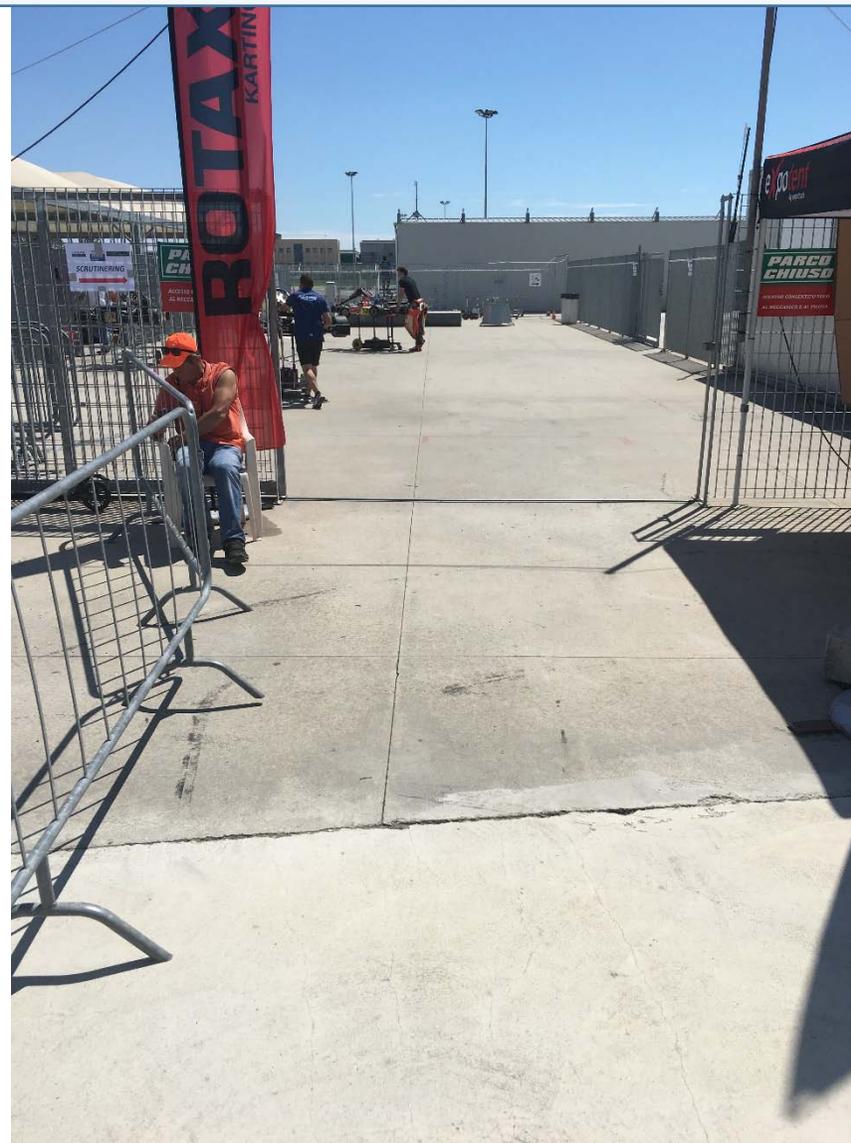

Two set of scanned tires for Qualifying practice, heats and races on Saturday and Sunday to be stored in Parc Fermè.

• Organisers Supplementary Provisions

- 7.5 Petrol is supplied from petrol pump / station:
- “LORO Station” on the “Via Fenilone 11, 45011 ROSOLINA (ROVIGO), *Direction Map available in race office*
- 7.6 It is compulsory to use Petrol from the pump with ROTAX stickers ONLY 98 Octane is allowed.
- 7.7 Petrol must be mixed with 2% XPS Oil.
- 7.8 Petrol test if necessary 4000,00 € to be paid in advance, refund from organiser if negative.

Servicing Park Rules

- Once Servicing Park is Open you have 16 minutes to make any final adjustments.

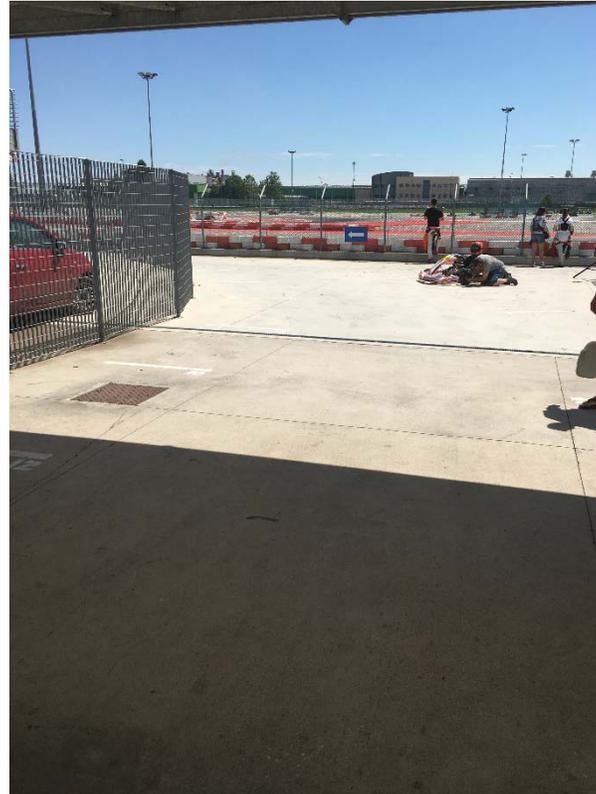

Servicing Park Rules

- Once the Gate to the dummy grid is closed, no driver still in the servicing park will be allowed to join the grid.
- He/she will be allowed to push the kart to the repair area and start out from there after the start is given by order of the clerk of the course
- Keep the space in front of the gate (red marked) free

Servicing Park Rules

- Once on the dummy grid mechanics / drivers are **ONLY** allowed to reduce the tyre pressures, **NO** other work may take place.

Servicing Park Rules

- Once the 3 minute sign has been shown all mechanics / drivers must stop adjusting tyre pressures and mechanics must immediately clear the grid.
- Should a Driver require assistance after the “30-second” signal, he or she must indicate this to the Marshals and once the other karts have left the grid it will be pushed to the repair area and the Mechanic may assist on the kart. In this case the driver will start out of the repair area after the start signal is given and the complete field has passed the exit of the repair area.

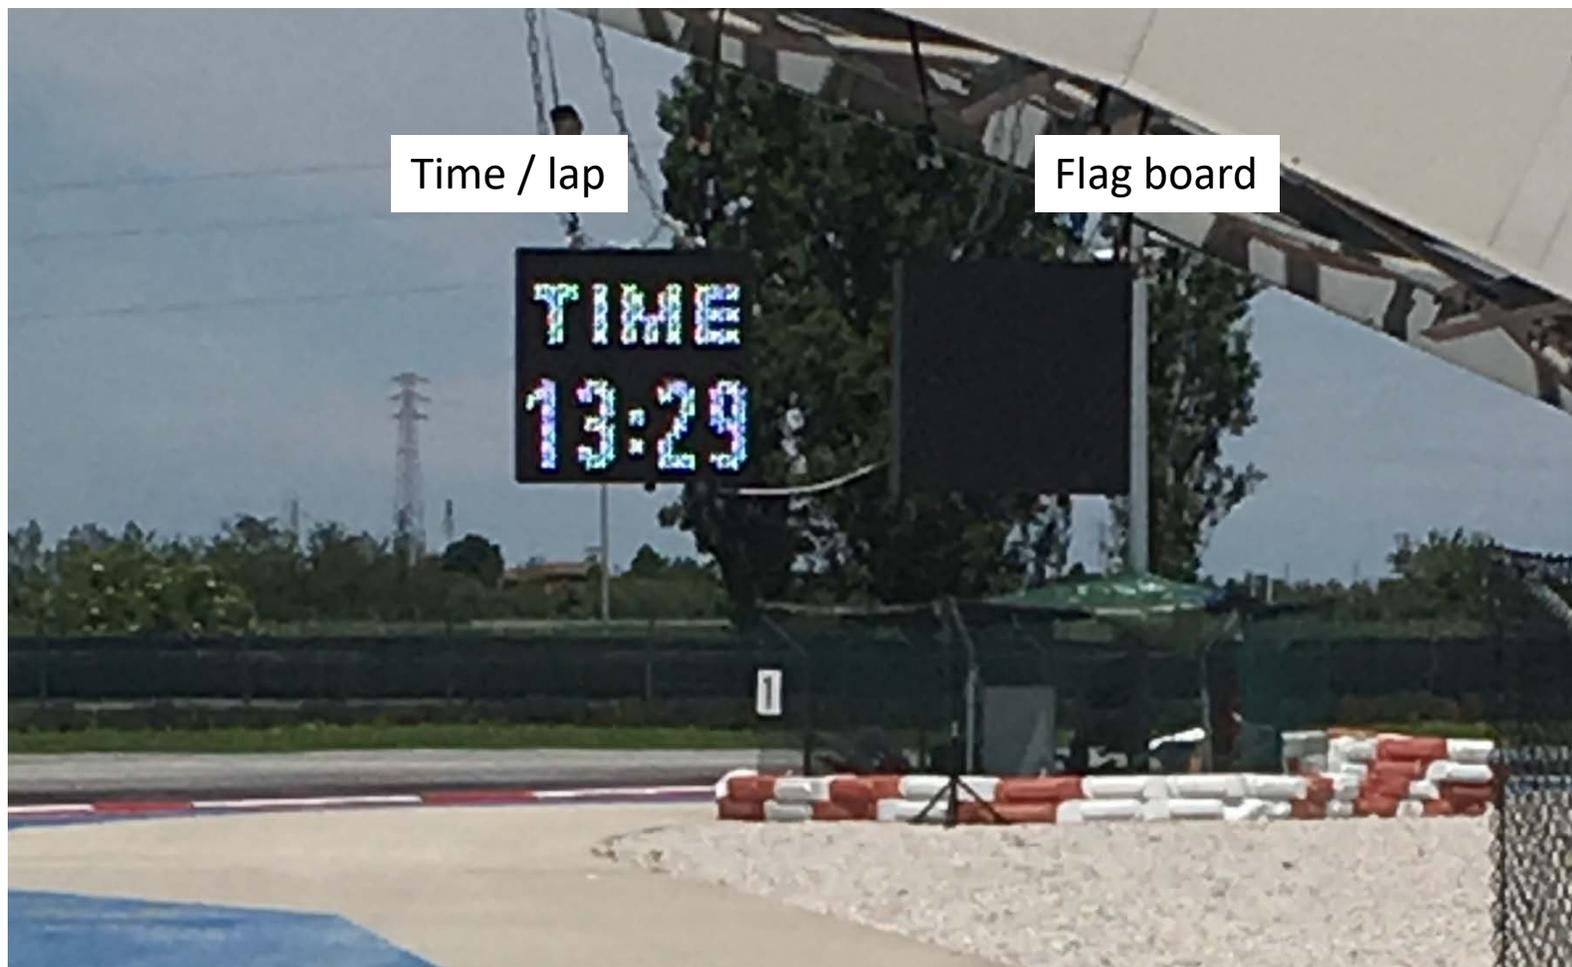

Transponder

- any time you are on the track

Front Fairing

- after the qualifying, heats and races approaching the scale a scrutineer will check the front fairing.
- there will be no checks at the race control for situations concerning a front fairing situation.
- pushing back the front fairing is only allowed in the repair area during the race. After showing the last lap board the repair area is closed
- if a driver stops in the out laps and tries to replace or replaces his/hers front fairing, he/she will be **disqualified for that heat or race.**
- any front fairing in a not correct position will be penalized with a 5 seconds penalty as a judge of fact decision.

ROTAX MAX EURO TROPHY
